

Dear guest,

The access of pets will be permitted only on the base of the veterinary health certificate, presented at the hotel's reception. No dogs are allowed without valid rabies vaccination and carrier cage. The pets must be left in the carrier cage, when you are leaving the room. If the guest arrives without carrier cage, we can rent cages at a rate of 100 Lei / night / dog, price which is not dependent of the size of the dog. If you would like to check in with a pet, it is compulsory for you to prior announce it in the moment of the booking otherwise, we cannot guarantee the booking with your pet, taking into account the fact that we cannot accept pets in every hotel room. Only in the case in which, under certain circumstances, you did not inform us in writing that you are booking with a pet, and we do not have adequate rooms for booking with pets, we can assure you the booking of the pet at Gini House dog pension near Baia Mare city possessed by SC Magus SRL at the same rate with the one registered on this page. In this case, the check-in interval at Gini House should be until 19:00 o'clock.

The maximum number of pets allowed per room is 2 (if they are medium size or large size dogs) and 3 (if they are small sized, like Shih Tzu, Bichon etc). In case of a number larger then the allowed pets / room, please contact us for further details.
